Mr. Chris Varughese  
Bank of Dallas  
1987 Buckner Terrace  
Dallas, TX 79902

Dear Mr. Varughese:

I am contacting you concerning my business, Ricky's Video/Audio Editing Services. These services are providing to anyone in need of assistance with video/audio editing, using/renting equipment and training classes. The products we share with our visitors are video cameras/camcorders, audio recording microphones, editing programs, and extra video equipment (green screen, tripods, lighting kits, etc.). We want to show everyone the fun creative side of making their own film and audio, while also helping with any personal or business projects with the necessary equipment and programs.

The services center is located in Deep Ellum near Downtown Dallas (3720 Canton St.). We will offer massive foot traffic and be easily available to people around the Dallas/Fort Worth county, but mostly close to the neighborhood. Free parking is also available to at least 40 persons capacity and the hours of operation is open to anyone who needs all the time of the day to finish a project, by only paying five dollars every visit. There is a lack of video/audio services in the Dallas county and even if there were, they have moved onto online services. We want to have a physical building so visitors can easily come in and view what we offer at the right price.

We want to provide the customers an easy option of completing their projects or in need of editing classes without waiting weeks to months for the final products. Our team consists of video/audio experts, registers, marketing specialists locally and social media based, equipment checkers and janitors. Most importantly, we want the customers to have the best fast service, friendly employees, clean environments and to make sure every customer's needs are successful. Our goal is to inspire people to climb onto the world of film and audio, and get the full experience on what we use, teach and create.

Thank you very much for considering my business application. I hope to get a response from you soon and we can start the business.

Sincerely,  
Enrique Ortiz
